Permission is hereby granted, free of charge, to any person obtaining a copy of this publication, and associated documentation files (the "Publication"), to deal in the Publication without restriction, including without limitation the rights to use, copy, modify, merge, publish, distribute, sublicense, and/or sell copies of the Publication, and to permit persons to whom the Publication is furnished to do so, subject to the following conditions:

1) The above copyright notice and this permission notice shall be included in all copies or substantial portions of the Publication.

2) Neither the name of LaMDA Publishing nor the names of its contributors may be used to endorse or promote products derived from this Publication without specific prior written permission.

3) The Publication may not be included in or distributed with commercial products without prior written consent, and any such consent may state additional terms and conditions.

4) Nothing in this boilerplate shall be construed to confer any rights by implication, estoppel, or otherwise under any patents or trademarks.

5) This boilerplate shall be governed by and construed in accordance with the laws of Delaware, without regard to its conflict of law provisions.

6) Failure to exercise rights under this boilerplate shall not constitute a waiver of those rights.

7) Violators of this boilerplate will be prosecuted to the maximum extent possible.

8) This boilerplate is void where prohibited by law.
