Copyright (c) 2006-2020 BPMN Working Group.
This specification is provided "as is" and any express or implied warranties, including, without limitation, any implied warranties of merchantability, non-infringement, fitness for a particular purpose, or title, are disclaimed. In no event shall the BPMN Working Group be liable for any damages arising out of or related to the use of this specification, including, without limitation, any lost profits, business interruption, loss of data or any other pecuniary loss, even if the BPMN Working Group has been advised of the possibility of such damage.
The BPMN Working Group takes no position regarding the validity or scope of any intellectual property or other rights that might be claimed to pertain to the implementation or use of the technology described in this specification or the extent to which any license under such rights might or might not be available; neither does it represent that it has made any effort to identify any such rights. Information on the BPMN Working Group's procedures with respect to rights in any document or specification can be found at the BPMN Working Group's website. Copies of claims of rights made available for publication and any assurances of licenses to be made available, or the result of an attempt made to obtain a general license or permission for the use of such proprietary rights by implementers or users of this specification can be obtained from the BPMN Working Group's website. Inquiries to the BPMN Working Group about obtaining licenses can be made via the BPMN Working Group website.
The BPMN Working Group invites any interested party to bring to its attention any copyrights, patents or patent applications, or other proprietary rights which may cover technology that may be required to implement this specification. Please address the information to the BPMN Working Group website.
